## **\*IMPORTANT\*** - Students attending classes must read

### Code of Conduct:

- Realize a strong attempt was made to get you into a course of your choice
- Understand you are assigned a class according to the academic session you chose and the number of seats available for the class and this is a simulation of a college level class
- Recognize that some of the sessions could be a class you are sitting in with Drake college students and that class has been meeting for two months
- Turn off all electronic devices including cell phones, and i-pods, etc.
- Remain respectful at all times.

### Dress Code:

Realize that you the way you dress gives an non-verbal impression of who you are, so your first impression needs to be a positive one. Also, we will be taking pictures of students attending and publishing them. Therefore the following list is what clothes are acceptable and what clothes are not acceptable.

- If you are involved in any school sponsored sport and/or activity that has a jacket or sweatshirt with the name of your school on it and that activity, please wear it. This helps the recruiters tell you about that sport or activity at their college.
- If you have a high school sweatshirt with the name of your high school on it, then please wear that.
- You may wear jeans **but they cannot have holes in them and cannot be bagging & sagging.**
- Tops – Solid color or print. **No T-Shirts** or Sweatshirts with a message on it. Also for the girls, we do not want to see a lot of skin so that means no tops that are low cut, have spaghetti straps, etc.
